

Cabin Air Quality Fume Events

Cabin air quality fume event odors are often described as acrid, dirty socks, musty, and chemical.

For help or to report a cabin air quality fume event, call the AFA Air Quality Reporting Hotline:

(206) 457-2010

resources that can assist you:**

What To Do

In The Air

Don oxygen
(if symptomatic)

Notify Pilots

Call MedLink
(if symptomatic)

On The Ground

Notify Pilots

Deplane if possible

DO NOT re-board until
cleared by Maintenance

When notifying pilots, tell them:

Site: location in the cabin ▪ **Source:** cabin component or air supply vents
Smell: description, intensity ▪ **Symptoms:** type, need for medical attention
